

BULLFROG LUBRICANT & RUST BLOCKER II

PRODUCT DESCRIPTION

Bullfrog Lubricant & Rust Blocker II is an aerosol lubricant which provides excellent lubricity in addition to forming a corrosion inhibiting surface film. This lubricant contains Cortec's VpCI (Vapor phase Corrosion Inhibitor) which protects against corrosion for a period of two years! Extensive testing has shown effective corrosion protection in adverse environments of 100% humidity and in the presence salt and corrosive gases. Simply spray on the surface to be lubricated and protected and allow to dry. The resulting surface will remain lightly oiled and protected with VpCI chemistry.

FEATURES

- Lubricates and provides universal corrosion protection for ferrous metals, galvanized steel, aluminum, brass, copper, babbitt, zinc, cadmium and silver.
- Loosens frozen and rusted metal parts, making them easy to remove

TYPICAL APPLICATIONS

Bullfrog Lubricant & Rust Blocker II is excellent for:

- Rifles, shotguns and handguns
- Machine parts
- Home repairs of squeaky items
- Maintenance
- Lubrication
- Temporary storage - spray a light coating on flat metal before or after metalworking
- Small or complex metal parts - spray on or dip in
- General surface treatment – spray on surfaces to be protected for up to 24 months

FOR INDUSTRIAL USE ONLY
KEEP OUT OF REACH OF CHILDREN
KEEP CONTAINER TIGHTLY CLOSED
NOT FOR INTERNAL CONSUMPTION
